DOCKET NO. T-00000A-05-0380

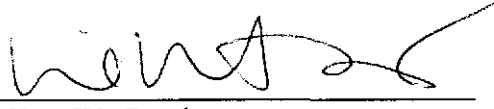

**SOUTH CENTRAL UTAH
TELEPHONE ASSOCIATION, INC.'S
OUTREACH PROGRAM REPORT**

In Decision No. 67941, the Arizona Corporation Commission ("Commission") ordered all Arizona Eligible Telecommunications Carriers ("ETCs") to file a report with the Commission by June 21, 2006, which discusses each ETC's outreach program utilizing the new Federal Communications Commission's ("FCC") guidelines on outreach programs and their impact on Lifeline and Link-up subscribership levels. On June 19, 2006, members of the Arizona Local Exchange Carriers Association, including South Central Utah Telephone Association, Inc., requested a 30-day extension of time to file the required report regarding their outreach programs. The Commission's Utilities Division Staff filed a memorandum recommending approval of the request. Administrative Law Judge Lyn Farmer issued a Procedural Order, dated June 26, 2006, adopting the 30-day extension and ordering the members of the Arizona Local Exchange Carriers Association to file the report regarding their outreach programs by July 21, 2006.

In compliance with Decision No. 67941 and the June 26, 2006 Procedural Order, South Central Utah Telephone Association files its outreach program report, which is attached.

1 DATED this 21st day of July, 2006.

OUTREACH PROGRAM REPORT FOR SOUTH CENTRAL UTAH TELEPHONE ASSOCIATION, INC. July 20, 2006

South Central Utah Telephone Association, Inc.'s ("South Central") certificated service territory consists of territory in northern Arizona and southern Utah. The certificated service territory in Arizona comprises of a relatively small area with a customer base of only 628 customers in Colorado City, Arizona and 525 customers in Fredonia, Arizona.

For the small certificated service territory in Arizona, South Central uses advertisements in a regional newspaper as its primary outreach method to notify customers and potential customers about the Lifeline and Link-Up programs. South Central published public notice in the *Spectrum* on August 18, 2005 that notified the general public that they may qualify for discounts on basic local telephone service. (*See Proof of Publication on August 18, 2005 attached.*) South Central plans on publishing a similar notice in the upcoming months in the same or similar newspaper.

In addition, service representatives of South Central are trained to inform new customers about the availability of Lifeline and Link-Up. Typically, new customers apply for local telephone service over the phone. During the application process, service representatives inform new customers about the availability of Lifeline and Link-Up and the eligibility requirements of these programs.

At this point in time, South Central's service territory does not have a sizeable non-English speaking community. As this may change over time, South Central will adjust its outreach methods accordingly.

South Central believes that the outreach methods it utilizes are effective. During the last 12 months, South Central's Lifeline enrollment in Arizona increased from 28 customers to 32 customers, or 14%. South Central attributes the increase to its outreach methods.
